

Netherthorpe School Designated Transport (School Bus Services) 2021- 2022

As of September 2021, we will only accept cash payments on our services and whilst we will always endeavour to ensure we have sufficient capacity on our services, once the bus is full they will be unable to pick up any further passengers.

Please ensure your child has some method of contacting yourself or the school should this occur and where possible, they should ideally stay with a friend if they are unable to get on the bus. Please discuss all alternatives with your child.

We have frozen our zoned pricing structure for bus services 2020-2021 and added some additional bus stops into our services.

We will review the need for passes in the autumn term with the possibility for parent/carers to purchase journeys in advance of travel.

As with public transport, face masks are recommended for use of these services.

Current pricing structure (Correct as of August 2021)
