

Welcome to 2023 and our National Apprenticeship Week edition - filled with great opportunities coming up over 6 - 12 Feb

Join us at STEM Learning to look at STEM Careers available through apprenticeships.

- Explore our virtual [Apprenticeship Careers Fair](#)
- Discover our wealth of apprenticeship [resources](#)
- Join our free apprenticeship webinars and live chat opportunities.

Apprenticeships are evolving all the time, for example did you know that you can now become a doctor through an apprenticeship?

Find out more about this opportunity [HERE](#), starting in Sept 2023!

Throughout National Apprenticeship Week we will be regularly releasing further information and webinars from some of our STEM Partners via social media. Keep an eye out for #NAW2023 to make sure you don't miss out.

# NATIONAL APPRENTICESHIP WEEK 2023

THURSDAY 9TH FEBRUARY, 16:30 - 17:15

MEET A TEAM OF APPRENTICES  
FROM **BAKERHICKS** TO HEAR  
ABOUT THEIR CAREER  
JOURNEYS IN THE WORLD OF  
ENGINEERING

BOOK VIA EVENTBRITE

## Apprenticeship webinar: BakerHicks & Engineering

On **9 February, 4-30 - 5:15pm** learn about different apprenticeship routes for different types of engineering with BakerHicks. BakerHicks is a design engineering company working in civil and structural, electrical, mechanical, process engineering & architecture.

In this webinar you'll get to meet some of their apprentices who can tell you about their apprenticeship routes, career journeys and why an apprenticeship might be for you.

## Online Mentoring Explore your STEM Future

Our national online mentoring scheme is designed to help 14-19 year olds explore their future career options by chatting to trained and experienced STEM professionals.

Our next cohorts will run for 10 weeks from 27 February to 7 May 2023.

**Deadline for mentee sign up is 4pm on 22 February 2023.**

All young people from across the UK are invited to apply, and there is no limit on the number of mentees being able to access the programme from any one school or college.

Receive mentoring on 'life after school', whether that be Higher Education, Apprenticeships or preparing for employment.

## National Apprenticeship Week: The World of CyberCenturion

**Interested in a career in cyber but not sure how to get started?**

On **9 February, 3:45 - 4:45pm** and as part of National Apprenticeship Week, STEM Learning are running a webinar where you can hear from several apprentices currently undertaking a cybersecurity placement.

Find out about how they got to where they are, what their work involves (and what they are allowed to share!) and how you could apply your own STEM skills to do the same.

Sign up to learn more about the exciting opportunities of cyber and how you could get a head start by also taking part in the CyberCenturion competition.

### **Tackling Climate Change Webinar: 2 February, 10 - 11:30am**

Change for Good features a host of expert speakers showcasing the latest thinking in behavioural science and behaviour change campaigns with case studies.

They host the second event in their Change for Good series online on February 2nd 2023 with a special focus on behaviour change in climate change and the environment.

Participants will follow the campaign stories, gain insight into their creative communications toolkit and learn how the latest in behavioural science theory is being applied to real-life challenges.

With actionable case studies, change in practice, psychological and creative process and impact lessons built in, the event is for anyone working in;

- Behaviour change
- Health
- Reducing carbon emissions
- Net zero
- Climate change or climate justice
- Community development
- Public and third-sector communications
